

# On-line Learning Contract

All Angels Academy 2020 – 2021

The following is a contract specifying the rules you agree to abide by when participating in on-line learning. These rules are designed to equalize the experience between students learning on-line and at school. It is also to inform you of the impact your decisions will make in following these rules. The school is required to submit attendance records to the various scholarships for those students receiving their scholarship. Poor attendance will affect continued disbursement of the money granted through the scholarship. Please read through the items below and initial each one. Then sign at the bottom of the page before submitting one form for each child.

Initial

- I will wear my school uniform for each of my classes, each school day. I understand that violations will affect my conduct grade.
- I will attend each of my classes and join the Zoom session on time. I understand that attendance will be taken for each class and that tardies will be recorded. I understand that attendance is connected to my grades and to any scholarship agreement I have made.
- I will send in a note to the school and my teacher when I have to miss class. I understand that the same rules apply for an absence to be considered excused or unexcused.
- I will submit all work given by my teachers. I will either submit it online or by leaving the work in the appropriate basket in the church. I understand that the church is open 24/7.
- I am responsible for taking care of my school books and returning them either when I start to attend school physically on campus or at the end of the school year. I am responsible for paying for any books I do not return by the last day of school.
